

## Partnership for Global Justice: January Alert

As we begin our new year, there are millions of people who have been displaced because of war. Most significant are the Iraqi Refugees who are about four million, struggling to find basic food, clothing and shelter. The world needs to respond immediately.

### Sign Petition:

The Iraqi International Initiative on Refugees has initiated a petition which would use the Iraqi oil revenues for Iraqi refugees. This initiative calls upon all governments, UN agencies and organizations, law, human rights and humanitarian associations and all people of conscience to work together to ensure that the UN Security Council adopt and implement a proposal that obliges the Iraqi state to allocate oil revenues for the use of the Iraqi refugees.
